## **Benylin Infant's Cough Syrup or Benylin Children's Apple Flavour Cough Syrup - Product Information**

### **Presentation:**

Syrup containing 0.75ml Glycerol per 5ml (15%v/v).

### **Uses:**

Relief of dry tickly coughs.

### **Dosage:**

Children aged 1 – 5 years: two 5ml spoonfuls three to four times a day.; Children 3 months – 1 year: one 5ml spoonful three to four times a day; Children under 3 months: not recommended.

### **Contraindications:**

Hypersensitivity to ingredients; fructose intolerance.

### **Precautions:**

Diabetics should take note that glycerol may affect blood sugar levels.

If symptoms persist for more than 3 days or get worse, patients should stop use and consult a doctor. This medicine contains less than 1 mmol sodium (23 mg) per 5ml, that is to say essentially 'sodium-free'. This medicine contains 10 mg sodium benzoate (E211) in each 5ml which is equivalent to 2mg/ml. This medicine contains 18.24 mg propylene glycol (E1520) in each 5ml which is equivalent to 3.65 mg/5ml.

### **Pregnancy and Lactation:**

Not applicable.

### **Side Effects:**

Possible mild laxative effect.

**RRP (ex-VAT):** 125ml £3.64
